Seven words to more profit

“Which type of glass would you like?”

Give your customers the best choice with our range of specialist glass, and follow these simple steps:

YOU ASK

1. “What moulding would you like?”
2. “What mountboard would you like?”

YOU SHOULD THEN ALWAYS ASK

3. “Which type of glass would you like?”

Just give us a call and get specialist glass delivered to your door either cut to size, by the sheet or box.

SLIPS & SPACERS RANGE

SLIPS & SPACERS

Slips can be used to enhance either a frame or a mount as well as keeping the artwork away from the glass. The addition of a slip can change an ordinary framing job into something the customer will be proud of.

Spacer mouldings are generally used to create a space in a frame where you can display anything from sports memorabilia to family heirlooms.

WHITE RANGE

THE WHITE RANGE

The Wessex range of white mouldings covers everything from the striking bright whites to the more subtle cream and ivory tones. As well as the solid whites and creams there are many subtler mouldings with warmer undertones and texture.
